

1 Introduction

NOAH Enterprise is a charity which seeks, out of Christian conviction, to help the most disadvantaged in the local community. Particularly, it is concerned with providing a practical, empowering and caring service to people who are homeless particularly those who are temporary or entrenched rough sleepers, and those who are marginalised and socially excluded, or have simply fallen into poverty

To enable us to carry out our mission we obtain and use personal data about our clients who receive practical support and guidance from us. Also we will obtain and use personal data from those who support us through donations, visiting our website or volunteering for us.

We are committed to safeguarding the privacy of our clients, supporters, retail customers and website visitors; this policy sets out what data we will collect and how we will treat your personal information in each of those cases. We will also describe your rights as regards this information.

NOAH Enterprise has prepared this policy to comply with General Data Protection Regulation [GDPR]. Should you have any questions or concerns after reading this statement please contact the NOAH Enterprise Data Protection Officer on 01582 728416 or via info@noahenterprise.org

NOAH Enterprise will review this statement at least annually.
